Joliet Police Department Launches its Presence on Facebook, Twitter, and Nixle

In order to provide information more quickly to Joliet residents, the Joliet Police Department has just launched their presence on Facebook, Twitter, and Nixle.

In order to access up-to-date information, residents are asked to do the following:

- Facebook - a Facebook account is required. Residents can then "like" the Police Department's Facebook page by visiting www.facebook.com/jolietpolice
- Twitter - no Twitter account is required to view the Police Department's tweets ... which are short burst of information of up to 140 characters - twitter.com/JolietPolice
- Nixle - residents are asked to sign up for this free public notification service by accessing www.nixle.com

"We can get the information out as it's happening," said Joliet Police Chief Mike Trafton.
