WINTER STORM WARNING FOR THE CITY OF JOLIET
TUESDAY EVENING, MARCH 11 THROUGH MARCH 12, 2014

The City of Joliet is under a winter storm warning for late this evening through tomorrow afternoon, March 12, 2014. It is anticipated that the Joliet area will get at least 2 inches of snow during this period so the snow parking ban will be in effect. Neighborhood streets will not be plowed until the snowfall ends.

Snow Parking Ban: All vehicles must be moved off of public streets until the City of Joliet’s snow plow trucks have had a chance to plow the snow on the street. Once the snow plow trucks have cleared the street by your home or business, you may move your vehicle back to the street. Some older neighborhoods in Joliet do not have adequate off-street parking options. In those areas residents are encouraged to seek permission from neighbors who have off-street parking spaces and other parking options such as commercial or church parking lots that will allow streets to be clear of vehicles for all snow clearing efforts to be effective. The Joliet Police Department will have the option of issuing a parking ticket to the owner of a vehicle left on a City Street during a snow event as well as having the option of having the vehicle towed, or both. All towing and storage costs will be the responsibility of the vehicle owner.

During the snowfall, residents should expect snow packed on all city streets. The City of Joliet’s Roadways Division will be salting main roads and secondary’s (subdivision main streets) during the snow fall. Once the snowfall ends the Roadways Division will begin cleaning the neighborhood and subdivision streets. Due to salt shortages affecting many municipalities, the City of Joliet will continue the practice of only salting intersections on neighborhood streets. Residents should proceed with caution.
