ComEd Scheduled Tree Trimming Maintenance in Joliet
During August, September, and October, 2014

ComEd intends to perform mid-cycle vegetation management activities in Joliet during the time period of August, September, and October, 2014. ComEd’s vegetation management activities are a key component of ComEd’s maintenance program to ensure system electrical reliability, as vegetation contact with ComEd equipment is a leading cause of outages.

Work will occur on or near 1705 McKinley Avenue and 224 Zurich Road. ComEd has notified any affected customers and property owners. Qualified line clearance workers contracted by ComEd perform all tree pruning and vegetation management work. Supervisors and general foremen maintain close contact with crews to ensure safety and adherence to proper vegetation maintenance procedures.

For more information about vegetation maintenance along power lines and ComEd’s “Right Tree, Right Place” program, please visit http://www.comed.com/sites/customerservice/Pages/TreesPowerlines.aspx

James D. Hock
City Manager

The City of Joliet is the fourth largest city in the state of Illinois, located just 45 miles southwest of Chicago’s Loop. Home to over 147,000 residents, in addition to thriving businesses and attractions, the City of Joliet is easily accessible by rail, auto and bus transit. A perfect place to live, work and play, Joliet is constantly striving to promote growth and diversity. For more information on Joliet visit www.cityofjoliet.info or call 815-724-4000.
